INTRODUCING
Famous Names' revolutionary **NEW**

IBX™ SYSTEM
CREATING NAIL **STRENGTH** FROM WITHIN

"I was driving along the other day and while at a stop, looked at my nails and thought, 'WOW! They are looking really good-no splintering-even on my right hand! Wonder how come? What have I done different?' And then I realized-holy moly, it must be those treatments. I am not kidding!" - Mary -

INTENSEREPAIR TREATMENT

WHAT IS IBX™ REPAIR
AND WHAT
DOES IT DO?

UNDER
GEL
POLISH

- Step One of the Protective Shield**
- Used prior to IBX.
 - A full coat of IBX REPAIR acts as the fusion layer to begin the formation of the IPN.
 - Helps to reduce "white spots" on the surface of the nail.

GROW THE
NATURAL
NAIL

- Repairs Damage**
- IBX REPAIR is applied specifically to targeted damaged areas including splits, peeling and free edge delamination.
 - Acts like "double-sided sticky tape" to seal damaged areas together.
 - Used prior to IBX.
